SUMMARY

Motivated Computer Science student with full stack development skills and experience building scalable web applications. Proficient in front-end and back-end technologies, with strong problem-solving and clean coding practices. Quick learner, passionate about new technologies, and committed to delivering high-quality solutions in both team and independent environments.

EDUCATION

B.E. Computer Science and Engineering Graduating May 2028
St.Joseph's College of Engineering, Chennai
HSSC (State Board) Graduated Mar 2024
Nellai Nadar Matriculation Higher Secondary School, Chennai

TECHNICAL SKILLS

Programming: Java, SQL, C
Frame Works: HTML, CSS, JavaScript, React
Tools and Technologies: Git, GitHub, VS Code
Databases: MySQL
Certifications: Meta Front-End Developer Professional Certificate(Coursera),Fundamental of Java Programming(Boord infinity),Demystifying Network(NPTEL),Python for Data Science(NPTEL-Elite),MongoDB Basic for Students(Mongo DB),Networking and Web Technology(Infosys Springboard)
Languages: English, Tamil, Telugu

PROFESSIONAL EXPERIENCE

CODEC Technologies, Chennai: Full Stack Development Intern Jun 2025

- Gained hands-on experience in HTML, CSS, JavaScript, React, Node and MySQL

Big Bucks Innovation Private Limited, Chennai: Full Stack Developer Intern Dec 2025

- Self-directed internship focused on using AWS, gaining hands-on experience in deploying, managing, and optimizing scalable cloud applications and services.

PROJECTS

CITIZEN SCIENCE DATA AGGREGATION

Supported research and decision-making using public-contributed data

- Citizen Science Data Aggregation is a web-based system that collects and manages crowd-sourced data for research. It enables data submission, processing, and visualization to generate meaningful insights.

DEVBEEZ

Developed an AI-based coding and quiz platform.

- DevBeez is an AI-powered platform for coding practice and quiz-based learning, built using TypeScript. It supports collaborative development using Git, GitHub, and Pull Requests.

ACHIEVEMENTS

Finalist - Makeathon 1.0
Participated in Hackathon 1.0 (24-hour challenge) and secured a finalist position by developing an innovative solution. Demonstrated strong teamwork, problem-solving, and rapid development skills.

Finalist- Mechovate
Participated in Mechovate, a 24-hour national-level hackathon, and secured a Top 6 finalist position by developing an innovative solution under time constraints. Demonstrated strong teamwork, problem-solving, and rapid prototyping skills while competing at a national level.
